About EasyConnect

EasyConnect is a connection application developed by Newland Auto-ID Technology Co., Ltd. It can be directly installed on mobile phones, PDAs and other Android mobile devices. The bluetooth scanners can be directly connected to the mobile device by using this application and transmit the data to the Android devices in real time.

How to Use EasyConnect

1. Download EasyConnect installation package and run it after installation.

2. Allow EasyConnect to access this device's location.

3. Scan the below barcodes to set the scanner in Bluetooth HID mode and clear pairing info on scanner.

Enter Setup

Clear Pairing Information of Scanner

**Bluetooth HID Mode**

Exit Setup

4. Scan the pairing barcode on the EasyConnect and then connection completed.

Once a scanner and an Android device is paired, no repairing is required unless the pairing information is cleaned.

Supported Products

Supported products are listed as below

HR15-BT (Firmware version HR15-BT_V1.01.017 or later is required)

HR22-BT (Firmware version HR22-BT_V1.01.006 or later is required)
